340-10 Healthweigh **wheelchair** scale

VERSATILE HANDRAIL-MOUNTED or remote mounted indicator designs provide quality weighing solutions for a variety of patient weighing applications. Advanced movement compensation technology eliminates involuntary movement made during the weigh process and ensures exact weight information

Keypad tare reduces errors, increases efficiency and eliminates patient transfer.

Roll-on ramp access and non-skid ridged platform promotes safe weighing, and the robust 800 lb capacity makes it ideal for weighing patients. Innovatively light, this sturdy scale is easily transported on two heavy-duty rear wheels, and is compact for closet storage.

Capacity	800 lb (400 kg)
Graduations	0.2 lb (0.1 kg)

Durable hinge design allows portability

Light and compact for easy transportation and closet storage.
