

# WBW Wash Down Scales

Ideal for food preparation, food processing plants, agricultural facilities, and more, WBW scales feature an IP65 rated wash down housing and a large stainless steel weighing pan. Color indicators for Under, Ok, and Over limits make check weighing fast and easy, and a brilliant backlit LCD with capacity tracker, indicators for overloads, low battery, and auto power-off, make the WBW very user friendly. They operate with an AC adaptor or rechargeable battery pack for portability; both are included.

**ADAM**  
**PERFECT BALANCE**  
Speed, Performance, Value

## WBW Highlights:

Check weighing product is faster than ever with the WBW's color coded LED indicators. Amber, green and red LED's quickly show you if a sample is within acceptable limits, over, or under, without looking at the actual weight.

An easy-to-read backlit LCD with capacity tracker shows capacity usage as well as the weight. The capacity tracker helps prevent users from exceeding the scale's capacity when adding ingredients or making up batches.

WBW scales can be moved to where they are needed thanks to the internal rechargeable battery pack. And the vertical front panel makes them easy to read and operate on a counter, table or bench.

IP65 for wash down environments with extensive sealing both inside and out to give the ultimate in protection for those wet applications. Advanced overload protection helps protect the scale from overloads and shock loading

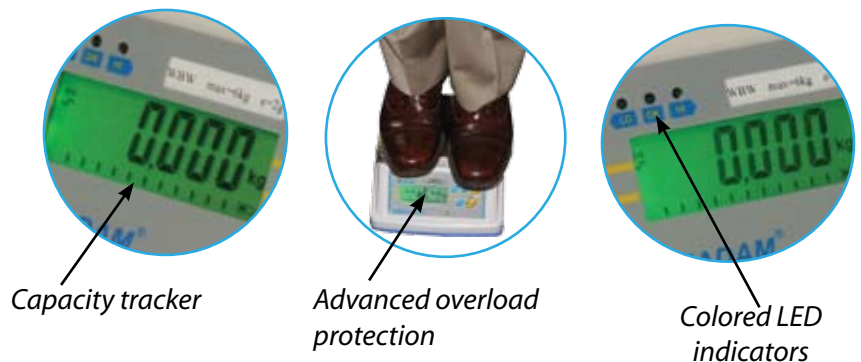

*WBW...designed for food, agriculture, and other wash down applications.*

### Features

- IP65 rated for wash down
- Backlit LCD with capacity tracker
- Colored LED check limit indicators
- Rechargeable battery and AC adaptor included
- Stainless steel pan
- Weighs in grams, kilograms, pounds, ounces, and pound & ounces
- Overload Protection

### Applications

- Weighing
- Check weighing
